

Theme: CHARITY

Objective: To thank donors for their contribution.

Product selected: Thank You Velvasuede™ in Slate Brown Item # 20134

Solution: It is always important to thank donors for their contribution and the Children's Autism Services found the Kanata Thank You Velvasuede™ to be the ideal item. With thank you embroidered across one side in five languages, what an appropriate way to say thank you with a gift that will be used and enjoyed by all those that received this. They certainly got a warm and fuzzy feeling when receiving this gift.

Results: A gift that has a high perceived value, this was also used as a speakers' gift at a Conference held by the Children's Autism Services. Again a great way to say thank you for their participation with a gift that will be used and enjoyed, not put on shelf, left in the box or thrown away.
