HospitalityMints

The perfect compliMINT, all wrapped up!

Made In America 

Over 30 years ago, a legacy of quality and perfection began and has flourished at Hospitality Mints- America's best candy company. Led by a management and sales team with 191 years of confection experience, Hospitality Mints manufactures over six million mints and candies a day.

We continue to work hard and strive for excellence. In the past two years, we have completely reconfigured and improved our 95,000 square foot manufacturing facility.

We have:

- New, state-of-the-art wrapping machines
- A new system for manufacturing soft candies that improved the creamy, buttery taste and, although the system flows in tiers if laid out, it is longer than a football field
- New, faster bagging equipment that has doubled our bagging capacity

- A new automatic case conveying system
- Engaged in Lean Manufacturing studies and analysis

In 2009, we are offering low cost brand impressions, improved lead times, fast deliveries, friendly and knowledgeable customer service and delicious, creamy, fresh candies from an American company that you can trust.
