USB Flash Drives/Memory Stick

USB Flash Drives make data transfer easier than ever! These innovative devices can provide up to 16GB of storage space. They are so durable and compact that you can carry one on your key chain.

USB drives are plug & play devices that work with Windows, Mac and Linux. They don't require batteries, nor any software or cables. Just plug into the USB port and your computer will automatically detect it (Windows 98 needs driver install). They are available in capacities of 128MB, 256MB, 512MB, 1GB, 2GB, 4GB, 8GB and 16GB. so now you don't have to carry your laptop to work.

- We can engrave on all of our metal and leather USB drives.
- Our normal imprint method is either silk or pad imprint.
- Our default package box is PVC bag. Each drive is poly bagged for bulk package.
- We can match the USB shells to any PMS color for quantities 500 pcs or more.
- Free customized package boxes for quantities of 1000 pcs or more.
- We provide one year warranty to all of our products.
