Capabilities

Artwork

All of our film and plates are produced in-house to ensure the highest quality and fastest turnaround. All electronic files should be submitted on Macintosh formatted media and created in Macintosh software such as Adobe Illustrator, Photoshop, or Quark Xpress. For art specs., see Page 9.

Customer Service

Our customer service staff is friendly and helpful. Custom quotes are given within hours (standard quotes within minutes) and any of our staff can track your job. Whether an estimate or actual order, our staff will help you decide on the best stocks and/or top coatings for your individual needs. They can also help with planning a job out so it's run cost efficiently while maintaining your schedule.

Design

We offer a full service art department. Whether it's a one color job or four color process, our staff can help you with any of your design needs, from concept to finished piece. Typesetting and proofing services are also available.

Printing

Orders can be placed from standard pricing in our catalog or any custom design needed. Our in house presses can handle the job. Our press technicians are trained to keep current with evolving technological advances in flexographic printing. We have the capacity to run everything from blank thermal transfer labels to 8 colors with cold foil. We can UV varnish for different applications or film laminate your order. We are continually expanding to offer you more options.

You can use these special shapes for many uses. They are great for use in business and home windows. Static cling decals are reusable and available in white or clear vinyl material. Just let us know when using clear static, whether the static is on the face or on the back. When we are printing on clear vinyl we recommend a flood white for background or white back up on graphics only.

(Remember white is an additional color on transparent material.)

PRODUCTION TIME: Normal production time is 10-12 working days from approval of art.

When time is essential, please contact the factory for production schedule.

Large solid colors for background are not recommended as streaking may occur on final products. When a flood white background is being used, our production department reserves the right to determine whether printing on white static or clear static to produce the best results.

We reserve the right to review artwork at time of purchase order.

Cold foil labels allow you to add elegance to your label when you need to make a lasting impression. Our method of imprint allows us to use a standard plate rather than an expensive hotstamping die. Choose from the following shapes in stock.

As an alternative to static cling decals, we offer Low Tac Clear Window Decals. When art is critical, using Low Tac Window Decals allows graphics to print crisp and clean. Decal adheres to surface when needed and when removed, does not leave residue.

Please let factory know if decal is for inside or outside of window.
White counts as a color whether flooding white or backing graphics only.

Go Green with Stocks that are TREE-FREE!

Tree-Free stock is a white, uncoated facestock made from a combination of bamboo, bagasse (the biomass remaining after sugarcane stocks are crushed to extract their juices) and cotton linters.

After 90 days in composting conditions, the stock will have composted nearly completely.

These labels are printed on tree-free stock using environmentally friendly (water-based, not solvent-based) inks. We are committed to reducing its impact on the environment by reducing waste, offering water-based inks and coatings, and “earth friendly” stock options.

It's easier now more than ever to offer your clients pressure sensitive labels that work for the environment.

Many shapes and sizes in stock. Please call for information

General Information

STANDARD IMPRINT METHOD: Flexographic.

IMPRINT COLORS: Every PMS color available.

FADING: We are unable to guarantee you sun resistance on our ink labels with our standard inks. If you have any label that will be exposed to a great deal of sunlight, we will apply a UV coating, however, we do not guarantee longevity.

MOISTURE: If the label is to be exposed to moisture, then a varnish or a lamination film will be required in order to protect the ink from washing out. This varnish or lamination will protect against moisture but will not give you a greater sun resistance. We suggest that you advise us of the end use and let us quote on jobs of this nature.

ADHESIVES: Different adhesives have different properties. It is very important that you advise us of any unusual characteristics of the surfaces to which the label will be affixed. Such would include various types of plastics (polypropylene, polyethylene, polystyrene, etc.) vinyls, rough surfaces such as wood, small curved surfaces, irregular shapes, etc.

PATENTS OR COPYRIGHTS: When orders are manufactured to customer's specifications the purchaser agrees to assume any liability resulting from actions or demands brought against us for patent or copyright infringements.

RIGHTS TO PROMOTION: We reserve the right to use all products in our advertising displays unless otherwise specified in writing at the time of order.

IMPRINT CHARGES:

COPY: Copy must be typed or legibly printed. Promo Joe's Labels, Inc. is not responsible for errors that may result from customer-handwritten copy. Whenever possible, we will set type according to customer's request. Promo Joe's Labels, Inc. reserves the right to choose type styles and set copy for best appearance and legibility, if not specified on purchase order.

PRODUCTION CHARGES: Less than minimum: \$75.00(G) for orders under minimum catalog quantity. Absolute minimum quantity acceptable is half the minimum listed. No less than half of minimum listed in catalog.

COMBINED PRICING: Available when the same label shape size and printing press is used to print different stocks, ink color or artwork versions. Please call to see if your order qualifies for combined pricing.

BLANK LABELS: Any of our standard labels can be purchased. Please call for pricing.

CANCELLATIONS: Permitted until 5:00 pm EST the day the order is placed at no charge. After 5:00 PM EST the day the order is placed, but before the job is printed, will result in a charge of 35% of total order amount. Jobs cancelled after printing will be invoiced at full price. If any special stock was ordered by our facility and order is cancelled, you will be billed for that stock.

OVER AND UNDERRUNS: While we strive to ship exact quantity over and under of up to 10% are billable. To have exact quantity shipped, there will be a charge of \$250.00(G) up to \$1,000(G). \$1,001 plus, please call factory.
