# Fisher's Pressurized Cartridge

# Air and Space

## Sealed Pressurized Ink Cartridge

**Writes: -30° F (-34° C) to +250° F (121° C),  
underwater, at any angle, even upside down!**

*When astronauts began to explore the reaches of outer space, Paul Fisher realized that there was no existing pen which could perform in its freezing cold, boiling hot vacuum.*

*Countless experiments and a common sense approach to findings resulted in the invention of the sealed and pressurized Fisher Space Pen® cartridge and in 1967, after 18 months of rigorous testing by NASA, the Space Pen was selected for use by the astronauts.*

*Still used on manned space flights, the Fisher Space Pen is unconditionally guaranteed to give outstanding service both here on Earth and in space.*

The Fisher Space Pen® is the ultimate in dependability. Every Space Pen is guaranteed to perform in temperatures from -30° to 250° F, underwater, in zero gravity, at any angle— even upside down! Its reliability means it's the only pen you'll ever need.

The Fisher Space Pen is the choice of ski patrols, search and rescue teams, law enforcement agencies, armed forces, and everyone who demands reliability in a writing instrument.

Each Fisher Space Pen is precision assembled, hand tested, and carries an unconditional lifetime guarantee.

**PROUDLY MADE**

**IN THE USA**

*Unconditionally guaranteed to write:*

*Underwater*

*Upside down*

*In extreme temps (-30° to 250° F)*

*Nearly three times longer than ordinary ballpoint pens*

Stainless steel precision socket prevents leaking yet delivers uniform ink flow

Ultra-hard Tungsten Carbide Ball

Thixotropic ink in a hermetically sealed, pressurized reservoir writes three times longer than an ordinary ballpoint

Sliding float separates ink from pressurized gas

*Paul C. Fisher*  
Inventor of the Space Pen

## CUSTOM ENGRAVING AND IMPRINTING

Look no further than the Fisher Space Pen when you want the perfect executive gift or promotion.

Using state-of-the-art engraving equipment and techniques, we can add very detailed and intricate designs to make a unique statement using your company logo or eye-catching graphic.

Depending on the particular pen and graphic, we use a variety of methods to ensure outstanding results, including:

- Laser Engraving
- Silk Screening
- Foil Stamping
- Pad Printing

- Corporate Logos
- Team Logos
- Squadron Crests
- Club Insignias
- Organization Logos
- Event Promotion
- Ad Campaigns
- Personalization

## MECHANICAL (HAND) ENGRAVING

For a personal touch, have the Fisher Space Pen hand engraved with up to three lines of copy. Our skilled engravers use the latest technology to personalize your Space Pen and create a one-of-a-kind item for you, a friend or a loved one.

Select from one of the following engraving fonts:

**ROMAN MED**

*Connecting Script*

*Cal' Graphic Script*

**Helvetica**

### ORDERS:

Orders are accepted subject to our ability to fill them. Orders of unusually large size or requiring special attention may take longer to process/ship. If order is time sensitive, please confirm estimated shipping time with our customer service representative. It is the responsibility of the buyer to comply with all laws and regulations by the Federal or local State governing the sale of any of our items.

All orders and artwork received via email will be acknowledged within 24 hours. If you DO NOT receive acknowledgment notification, please call our customer service department.

When ordering, indicate product name, item number and color.

### ARTWORK:

Email artwork to: [AdSpecArtwork@spacepen.com](mailto:AdSpecArtwork@spacepen.com)

We accept files in Adobe Illustrator, Freehand, EPS or PDF files, in Macintosh or windows format. Artwork needs to be black & white vector line art with all text converted to outlines, curves or paths. Artwork services needed (e.g., logo modification, clean up, etc.) will be billed at cost.

### PRODUCTION TIME:

Standard service is 7 to 10 working days from receipt of approved art. Larger volume orders may take longer, please call for details and lead times.

### MINIMUMS:

Absolute minimum for laser engraving is 25 pieces with an additional charge of \$1.50(c) per piece.

### SAMPLES:

Random samples are available and billed at EQP(c) (end quantity pricing). Spec samples are billed at EQP pricing plus a one time set-up charge of \$75(c).

### PACKAGING:

Each fisher space Pen includes packaging as illustrated in the catalog. Changes to packaging, if possible, may result in an additional charge.

### SHIPPING CHARGES:

Standard charges for UPS ground will apply to all orders unless otherwise specified. Orders are shipped FOB Boulder City, Nevada. Insurance is required and added to the freight charge.

### ENGRAVING & IMPRINTING:

Engraving/imprinting is include in the prices shown herein. Depending on the particular item, the Fisher Space Pen may be laser engraved, silk screened, foil stamped, pad printed and mechanically (hand) engraved. Consult your customer service representative for options and recommendations.

A one time set-up fee of \$75(c) for each logo will be applied to each order.

Complex logos may have special requirements and will be quoted prior to production.

Imprint area will vary due to pen style. Consult your customer service representative for position and size information.

### CUSTOM FINISHES:

Custom match PMS finishes are available in runs of 5,000 pieces minimum. Please call our customer service department for lead times and costs.

### CANCELLATION:

All orders are considered firm and cannot be cancelled without factory authorization. Any changes incurred on an order in process will be billed.
