experience...Your softer side!

Have you ever wondered how Plush Animals became so popular?

President Theodore **“TEDDY”** Roosevelt was on a hunting trip in 1902 and refused to shoot a small black bear. The next day, a newspaper printed a cartoon of the incident and soon after, everyone wanted a *“teddy bear.”*

Manufacturing soft toys since 1898, Gund® was one of the first toy makers of the *“teddy bear revolution.”* Today, according to the American Brand Council, Gund® is one of the most trusted and influential brands in the United States.

Now, Gund® is available **EXCLUSIVELY** from Vitronic Promotional Group. Plush can bring your business to life and provide a memorable connection to your company or brand. When you give Plush, the pleasure the recipients feel transcends age, gender and nationality. Plush is versatile enough to show creativity, tenderness, friendliness and a sense of humor.

When you give Plush, it brings out the kid in everyone!

Art Specifications

4 Color Process – CMYK (Cyan, Magenta, Yellow, Black)

- Vector art in .ai, eps, or .cdr format
- Vector artwork should be created in Adobe Illustrator® 12 or later or Corel Draw® 13 or later
- Placed images should be 300 dpi or higher
- All colors within the artwork must be CMYK (PROCESS) colors and designated as such. When using CMYK to print a "true" blue, the difference between Cyan and Magenta must be 30%. When using CMYK to print a "true" purple, Cyan and Magenta percentages should be the same. The closer the Cyan and Magenta percentages are, the "truer" the purple.
- Artwork must be actual size to be printed
- All fonts used in the design must be converted to curves or outlines (to prevent any font related issues)
- Minimum line thickness in 2.5 pts for opacity

Please note PMS color matches are not available. PMS colors are converted to corresponding CMYK colors to achieve close equivalents. When a close PMS equivalent will not be sufficient, please contact customer service to discuss an alternative process using spot colors instead of CMYK; however, set up charges and PMS match charges will apply per color.
