HEAD CHANGES IN SECONDS

© AP-001

## TO CHANGE ANIMAL FACES

(Example shows changing Bull to Bear)

### STEP 1

- Begin at back of Bull's head
- Slip thumbs under open neck of lower edge of back Bull's head.
- Place remaining fingers on back of Bull's head, rest of fingers against front of Bull's face.
- At the same time, use rest of fingers (around Bull's face) to help push out Bear's face.

### STEP 2

- Continue to pull Bull's neck up and over Bear's face. As Bear starts emerging, use one hand on Bear's muzzle to help pull face forward. Also, continue pushing from other side to help push out Bear's face.
- Pull Bull's neck completely up and over face to other side.

### STEP 3

- As face emerges, fluff out and reshape Bear's face.
- At this point, back of Bear's head will now be covering Bull's face all back.
- To clean the animal back again, simply turn Bear around and repeat all steps, pulling (what is now the bear's open neck) over Bull's face.

NEW ANIMAL BANK

MONEY SLOT IS LOCATED ON THE BACK, WITH ROTATING CAP AT THE BOTTOM.
