Notes

Hard Enamel PD-1

Manufacturing Process

- Our highest quality custom lapel pins with a jewel like appearance.
- Each emblem is individually die struck on high quality brass and hand color filled with hard enamel brought to the surface.
- The emblem is then plated to your specifications and hand polished.
- All colors must be bordered with metal but the touch is totally smooth and the colors are vibrant.

Prices Include:

- 4 enamel colors
- All setup and die charges
- PMS color match
- Custom shape
- Plating: 24kt Gold, nickel, copper, bronze and black nickel
- Individual poly bag
- 1 military clutch

Options

- Additional enamel colors add \$0.12 (P) per color
- Magnet backs and additional attachment options see page 21
- Packaging options see page 21

Pre-production samples

- \$60 (V) non refundable, plus \$60 (V) die charge refundable when order ensues
- Add 2 weeks to delivery

Delivery

- 3 - 4 weeks after approval of proof or pre-production sample
- Rush service is available call for details
- Shipping weight approximately 20LBS per 1000 1" pins

Quantity	100	300	500	1000	2500	5000

PHOTO ETCH BRASS WITH SOFT ENAMEL PD - 4

Manufacturing Process

- A great customized economical alternative to die struck pins.
- The design is chemically etched into thinner brass metal using a photo acid process.
- Soft enamel is hand filled into the recessed areas, giving the pin a 3D appearance, with the option of an epoxy covering.

Prices Include:

- 4 enamel colors
- All setup and die charges
- PMS color match
- Custom shape
- Plating: 24kt Gold, nickel, copper, bronze and black nickel
- Individual poly bag
- 1 military clutch
- Epoxy covering can be added at no additional charge

Options

DIE STRUCK TWO-TONE SAND BLASTED PD - 6

Manufacturing Process

- Each custom emblem is individually die struck on high quality brass.
- Sandblasted recessed areas give a beautiful contrast between the raised and recessed areas.
- The raised areas are polished, while the recessed areas appear textured and matte finished.
- Add color to highlight your logo or words.

Prices Include:

- All setup and die charges
- Custom shape
- Plating: 24kt Gold, nickel, copper, bronze and black nickel
- Individual poly bag
- 1 military clutch

Options

- Additional enamel colors add \$0.12 (P) per color

HARD ENAMEL WITH SILKSCREEN PD - 9

Manufacturing Process

- Our highest quality custom lapel pins with a jewel like appearance.
- Each emblem is individually die struck on high quality brass and hand color filled with hard enamel brought to the surface.
- The emblem is plated to your specifications and hand polished.
- Silkscreen process allows for reproduction of the smallest detail over the one color of hard enamel.
- The design will appear without any metal separations between colors.

Prices Include:

- 1 enamel color and 1 color printed
- Die charges and setup for 1 color. Additional setup for each printed color add \$45 (V)
- PMS color match
- Custom shape
- Plating: 24kt Gold, nickel, copper, bronze and black nickel
- Individual poly bag
- 1 military clutch

Options

CONTINUITY PROGRAM

Offer continuity in your promotional program. One die charge can give you many options. Turn a lapel pin into a bookmark or cufflinks. Take the post off of a lapel pin, put an adhesive backing on and your emblem can be adhered to a computer screen, telephone, point of purchase display, business card holder, frame...you get the idea. Turn a key chain into a zipper pull into a necklace. Call for more information and quotes.

GOLF ACCESSORIES

Create your clients custom logo on any of these golf accessories including: divot tools, hat clips, money clips and bag tags. Please call for more information and quotes

COINS & MEDALLIONS

Manufacturing Process

Our custom coins and medallions are extraordinary promotional or recognition products. Excellent to commemorate an event, promote your business or celebrate anniversaries. Each coin is either die struck from high quality brass or iron, or cast from zinc alloy.

Brass presents our finest quality whether polished, sand blasted, antiqued or with enamel color. The clarity in design detail, heft and shine are unsurpassed.

Iron is a cost effective way to produce a die struck appearance and is best produced in antique finishes.

Zinc Alloy is a cost effective way to produce medallions - polished, antiqued or with full color printed inserts.

Prices Include:

- Plating - Polished: 24kt gold, nickel, bronze, brass. Antique: gold, silver or copper
- Two tone with sandblasted recessed areas
- All 2D die charges
- Individual poly bag

Options

- Two color plating add 40%
- Epoxy covering add \$0.16 (P) per side
- Consecutive numbering add \$0.20 (P) with color fill add \$0.26 (P)
- Diamond Cut edge add 30% per side for brass only
- Full color insert for Zinc Alloy call for quote
- Thinner and thicker coins call for quote

Packaging Options

- Acrylic disk 1 1/2" add \$0.60 (P)
- 1 3/4" & 2" add \$0.80 (P)
- PVC coin sleeve add \$0.16 (P)
- Velvet pouch add \$0.40 (P)

Pre-Production Sample

- \$75 (V) non refundable, plus \$60 (V) die charge refundable when order ensues
- Add 2 weeks to delivery

Delivery

- 3-4 weeks after approval of proof or pre-production sample
- Rush service is available call for details

CALCULATE EMBLEM SIZE

- Add length plus width and divide by two.
Example size 3" by 4" = (3 + 4) ÷ 2 = 3.5"
- Printed patches - multiply height by width to determine square inches
- For intricate shapes and sizes call for quote
