## Product Safety Statement:

HumphreyLine shares the concerns about contaminated products being imported from overseas and the risk of legal liability under California's Proposition 65. In addition, there are numerous questions about compliance with the Consumer Product Safety Improvement Act of 2008, FDA regulations, and other similar issues.

The following statement explains our position on this important subject:

In 2008 and again in 2009, HumphreyLine retained experts in the field to review and test our product line for regulatory compliance. Based on these test results (copies of which are available upon request), we believe that all of our products are in full compliance with both Prop 65 and with CPSIA.

In addition, our production facility is FDA registered and audited. Our plastic resins are also certified by our suppliers as being compliant with FDA's food contact safety standards.

# Holographic Labels

**New**

Humphrey now offers Holographic labels for all of our custom lip balms and pen sprayer products at **NO EXTRA CHARGE!** Choose from one of our stock imprint colors and get ready to be dazzled.

Here are some tips to keep in mind when choosing holographic labels:

- Bold, simple designs work best
- Reverse labels are a little easier to read than positive
- Dark colors will be more legible than lighter colors

## Art Formats:

Artwork should be submitted via E-mail (art@humphreyline.com), CD or DVD Rom. Camera-Ready hard copies are acceptable if there are no screened halftones or color. **All digital files should be vector created in Adobe Illustrator CS whenever possible.** Photoshop tiff files are acceptable for one color art (800 DPI at same size or larger) or 4-color process\* (300 DPI at same size or larger). Neoprene orders require vector art with no type under 9 pt. in size. All fonts must be converted to outlines or curves. Corel Draw or Freehand files should be exported into Illustrator or eps format. Compress all emailed files with Stuffit or Zipit to prevent corruption. **A fax or laser print of all digital files must be submitted with your purchase order.**

## Art Charges:

Factory artwork is billed at \$60.00(v) per hour, if artwork adjustments are required. Charges of \$25.00(v) or more will be pre-approved. Changes to art and layout requested by customer will incur art charges and may delay production. **Every customer revision will incur an art charge of at least 1/4 hr. each time a change is submitted. Changes and/or typesetting are not allowed on rush orders.**

## Type/Layout:

Specific instructions regarding layout and type styles must be clearly stated on your order. Verbal instructions will not be accepted. If instructions are not given, we will use our discretion. Helvetica, Arial or Myriad will be used if no type style is specified. All cups, pails and bottles will be printed one panel width/one side if not specified. Other products are sized to maximum image area unless otherwise specified. Not all type styles and point sizes are suitable for all products. Block Sans Serif type styles are recommended. Minimum point sizes should be 8 pt. Sans Serif for positive copy and 10 pt. bold Sans Serif for reverse copy. All jobs requiring typesetting will be faxed or emailed for approval. Delayed response to fax proof will result in delayed production. Once fax is approved, we will not be responsible for errors in typesetting. Yoyos, Neoprene & Labels are often too small to have a legible trademark symbol. Lines weights should be a minimum of .5 pt. for positive areas and .8 pt. for reverse areas. Neoprene products require heavier lines at a 1 pt. minimum. Templates/spec sheets are available by product and print method on our website at: [www.humphreyline.com](http://www.humphreyline.com) (PDF info sheet).

## Screening/Halftones:

All silkscreen jobs are printed at 55 lines per inch. This large dot pattern is not recommended for type, thin lines or small areas. Screening on pails, cups, and bottles may print unevenly. Offset jobs are run from 80 to 120 LPI and there is a dot gain of 20%. Halftones and small type on offset cups should not be positioned in the bottom 1/4 of the image area due to a slight blur where the cup tapers. Halftones are not recommended on fluted cups.

## Proof Approvals:

All artwork submitted to **HumphreyLine** will be emailed or faxed for customer approval, unless "no proof required" is stated on the purchase order. Proofs are required for all typesetting. The proof should be examined very closely before it is signed off. Not only should the typesetting be looked at for correct spelling, but also for color separations, ink colors to be printed and the overall layout requested. The proof should always be considered the FINAL approval on any artwork. Delayed response to a proof approval request will result in delayed production. **Once the proof is approved, HumphreyLine will not be responsible for errors in artwork.**

*\*Four Color Process and multi-color printing are not available on all products. Art should be submitted ahead of time for advisements on printability.*

*†Multicolor or non-stock color labels will be printed as 4-color process and will not be a match to any PMS colors specified.*

See Page 45 for Rush Pricing and Availability and Standard Production Guidelines

## STANDARD PRODUCTION TIME

1. Five business days after approval of art and credit.
2. Processing time is dependent upon whether or not a proof is required (see below).
3. Limited to catalog quantities and one color imprint on silkscreen items and one stock imprint color on labeled items.
4. Exception on custom labeled neoprene, offset, direct process bottles and flyers, yoyos, pails, stamps and kits. Please call for specific lead times on these items.
5. Order and usable vector art must be received by 10:00 AM Pacific time. If not, add an additional day to each process below.
6. Production time does not include the day order is received and is dependent upon what time of day the order is received.
7. If no credit terms, prepayment must be received before the order can be sent to production.
8. Art must be vector formatted. Art will be sized to maximum imprint area unless otherwise requested on order.
9. Production times may vary seasonally and are subject to available inventory.

## Orders requiring a proof (an electronic or paper proof will automatically be sent unless “no proof” is specified on the purchase order):

1. Processing time: One to three business days
2. Proof will be sent within one to

three business days, depending on what time of the day art and order are received.

3. Production will begin the next business day following art approval, if approval is received by 2:00 PM Pacific time.

4. Changes to the art add a day to the processing time for the order and a revised proof will be sent (additional art charges may apply).

## Orders not requiring a proof:

1. “No proof required” must be specified on the purchase order.
2. No typesetting. Artwork must be vector, complete, and in a format for use without adjustment. Sizing to fit templates is allowed.
3. Production time will begin the following day.

## TWO DAY RUSH SERVICE

1. Please call customer service prior to placing order to check availability of product.
2. Rush charges (R):
  - Labeled personal care and silkscreen plastic items: \$0.25 per piece
  - Non-custom labeled neoprene items: \$0.50 per piece (\$200.00 minimum)
3. Specify TWO DAY RUSH SERVICE on order.

4. Exception on custom labeled neoprene, offset, direct process bottles and flyers, yoyos, pails, stamps and kits. Please call for specific rush pricing (if available) and lead times on these items. For non-custom labeled neoprene items, see individual product pages for rush pricing.

5. Order and usable vector art must be received by 10:00 AM Pacific time.

6. Production time begins the day after art and order are received and credit is approved.

Example: An order received by 10:00 AM Monday, will ship on Wednesday.

7. Rush service is available to customers with established and current credit terms, or with prepayment by credit card when order is placed.

8. Prepays must include freight (call for an estimate) or a third party shipper number.

9. Rush service requires vector formatted art with order. See page 44 or the Humphreyline website for art requirements. Art will be sized to maximum imprint area. Additional layout or typesetting is not available with rush service.

10. Limited to catalog quantities, one color decorating on silkscreen items and one stock imprint color on labeled items.

11. Rush orders will be sent to production without proof approval; an electronic or paper proof will be provided for informational purposes only.

12. Rush service is subject to available inventory.

• **We are not liable** for non-fulfillment due to strikes, fires, weather or other causes beyond our control.

## Shipping Information:

### Estimated Freight Quotes:

Shipping weights are approximate. HumphreyLine is not responsible for the difference in actual freight vs. quoted estimates.

### F.O.B. Point:

Florence, Kentucky 41042 unless otherwise stated. Freight and handling charges are pre-paid and added to invoice.

**Incorrect Address, Inside Delivery or Zip Code corrections are subject to a \$8.00 - \$10.00 charge back per box.**

### Shipping information:

Must be provided in writing at least 48 hours in advance. Shipments going Fed-Ex Ground on customer's account require a separate account number from regular Fed-Ex numbers. If there is an "in hands" date on the order without specific shipping instructions, we reserve the right to ship an overnight air service to meet your deadline. The factory is not responsible for extra charges incurred due to dimensional weight.

### Shipping & Handling:

Unless specified, all shipments via UPS. Residential delivery requires add'l charge.

### Truck shipments:

Requiring inside or residential delivery must be specified. All additional charges will be the customer's responsibility.

### Hazardous Material Shipping

All alcohol based sanitizer products are considered hazardous material and must be shipped ground to avoid additional shipping charges. To air ship any of these products, they must ship via UPS and there will be an additional charge of \$35 per carton. Ground shipping to Hawaii, Alaska, and Puerto Rico is not an option for hazardous material products, and must also ship some form of UPS expedited air, again incurring the \$35 per carton charge. International hazardous material shipments will be dependent upon each country's individual requirements. Call customer service for more information.

# Ordering/Shipping Information

## Canadian and International Shipments

HumphreyLine requires most international shipments be shipped on a third party account. HumphreyLine cannot ship its personal care products into Canada. Shipment of personal care products into other countries is dependent upon each country's individual requirements, and it is the responsibility of the distributor or recipient to make this determination.

**Box Lining:** Boxes are lined with plastic to ensure cleanliness during shipment.

**The following product weights are approximate UPS dimensional weights. They do not apply to international shipments or truck.**
