# Neet Feet — The Industry Leader Since 1987

Neet Feet is committed to providing the finest footwear and customer service. We believe in a partnership with our valued distributors, end users and the individual consumers. We will do everything possible to assist you in providing ideas, obtaining orders, developing artwork, arranging shipment logistics, or other custom services.

We continually strive to improve our products and services, while maintaining enough flexibility to react quickly to urgent needs and special requests. We also know that if the best product is delivered late, it will lose all value. So, we'll ensure your order arrives on time- you can count on it. If we can't make your delivery date, we won't take your order. It's that simple.

We also believe you get what you pay for. Little details make a big difference which is why so many previous customers insist on Neet Feet. Our client list includes many Fortune 500 companies, as these successful firms understand the logic behind quality promotional merchandise. You don't want your name on inferior products, so insist on the original, Neet Feet.

Call us. Our Art Staff and Customer Service department are always available and happy to answer any of your questions. We take pride and pleasure in helping make your visions a reality and ensuring your sandals timely arrival.

## LOGO FOOTPRINT

The "Logo Footprint" was first developed by Neet Feet in 1989 and has been an amazingly popular feature on millions of pairs of our custom flip flops. It has proven to be an effective marketing device enabling our customers to leave their logo in the sand for all to see.

This optional feature consists of using a steel rule cutting die to de-boss the logo or slogan out of the bottom of each sandal so there will be a visible imprint of your logo or slogan with each step in the sand. The tooling charge to make the cutting dies is a one time cost and the tool can be used over and over again, without additional set-up or running charges. Additionally, we will de-boss different slogans or logos out of each foot with only one tooling charge.

Often imitated, Neet Feet has been the industry leader in the development of new promotional footwear and features for the past twenty years.
