DATE

Money can be used in many ways. You use it to buy the things that you want, you can save it for the future, or you can place it in investments.

You can save your money until you have enough to open a savings account. Ask your parents or another adult to help you do this.

You can earn money by helping around your house or neighborhood.

If you plan ahead and start saving regularly you can watch your money grow.

Measure 30" from floor and place the bottom of the ruler to begin the growth chart.

GENERAL INFORMATION

ARTWORK

Please provide camera-ready art. Imprint quality depends on the artwork supplied with your order. To avoid delays, please supply clean and complete camera-ready artwork. Emailed art should be sent at 600 dpi. When sending 2-color artwork it should be sent color separated. Unless otherwise indicated on the email, all art will be printed at maximum imprint size. Digital art requirements: As we are PC based, we cannot guarantee that files sent with MAC formats will be usable. Please fax a copy of artwork with order for comparison purposes. Digital art can be sent to: art@coloringbooksolutions.com.
