Cloisonne

Hard Enamel - LS1

Hard fired cloisonne, the top quality gift award. Each emblem is die struck. Enamel pigments are then fired and polished to highlight the finished product. Enamel fills to same level as metal- smooth finish. Metal lines must be used to separate colors. Most PMS colors can be matched.

For soft enamel with epoxy we offer a crystal clear epoxy dome available to seal in colors and give a 3-dimensional look.

Die Struck

Antique LS4

Each emblem is struck into a steel block die, creating sharpness and clarity. They are then finished off in an antique plating to enhance raised and recessed areas.

Trades, Organizations, Institutions

Unions are a strong group of people who feel a sense of pride to belong together. Lapel pins give them that feeling. Each pin is uniquely designed to emphasize their particular group. Any process can be used to create them.

These additional attachments can be added to any of the emblems in this catalog.
