Logo Mats, Inc.

2007-2008 Catalog

Quality Commercial Floor Mats

Company Profile

For more than 40 years we have been producing quality floor mats that provide cleaner, safer and healthier working environments. Our complete line of rubber backed products will reduce slip and fall accidents, while improving the aesthetics of the work place with your company logo!

Our business is based on integrity, quality and the fastest delivery times in the industry. Our product warranty is simply the best in the business. If for any reason you are not 100% satisfied with your products, we will replace the item or refund your money.

General Information

Warranty

All of our products are designed for industrial applications. We have an unlimited customer satisfaction guarantee. If for any reason you are not 100% satisfied with your products, we will replace the mat or refund your money. The typical life expectancy for logo mats is 3-5 years.

100%
customer satisfaction

Shipping & Handling

Drop Shipping is available. For split shipments please add \$6.50 (W) per location. There are no additional charges for drop shipping to the same location.

F.O.B. Factory. We reserve the right to ship by the most beneficial means of transportation. Smaller orders will be shipped via Fed Ex or UPS Ground, and larger orders will be shipped via truck line carriers.

Please add \$2.10 (P) for individual boxing

Production Time

See individual pages. For special rush service, please contact customer service. Most logo mats ship within 5 business days once artwork and credit are approved.

Prices subject to change. Please check our website for current pricing.

The National Floor Safety Institute was founded in 1997 as a non-profit organization whose mission is to aid in the prevention of slip-and-fall accidents through education, training and research.

Artwork Guidelines

Digital Art should be compressed and emailed. When artwork is emailed it must be indicated on your purchase order. The subject line of your email should include your purchase order number to ensure the proper art is matched to your order. Email art to artwork@logomatsinc.com.

Camera-ready art is preferred and defined as black and white line art that has sharp, clean lines, and is complete with text and graphics.

Acceptable File Formats (PC Based Files Only)

CDR, PSD, AI, EPS, JPG, GIF, TIF, and PDF. (600 dpi Minimum)

Unacceptable File Formats

Macintosh Files, BMP, SIT, PICT, CGM, MS Word, MS Excel, PowerPoint or Lotus.

Variations

Sizes are not always an exact measurement and typically have a 3-5% variance due to the materials and manufacturing processes. Colors may not be an exact match of previous orders.

Imprint Methods

DigiPrint™ Logo Mats and Grand Impressions™ Logo Mats are created using a unique dyeing technology that digitally injects dye into a three-dimensional nylon fiber. This process is very similar to a four-color process, however there are 25 primary colors printed in dots per inch to generate the image.

Color Matches for DigiPrint™ and Grand Impressions™ PMS (Pantone Matching System) is used as a standard for printing on paper and other screen printed products using ink. These mats are created using a dye and we cannot guarantee an exact match, however in most instances PMS colors can be closely matched, with the exception of metallic colors. For orders that require a custom batch of dye there is a one-time charge of \$230.00 per color.

WaterHog™ Impressions mats are produced using a state-of-the-art digital printer with the capability to print up to 17 colors. PMS color matching is not available.

WaterHog™ Sculptures and Personalized Sculptures™ are created using a compression mold. PMS Color Matching is not available.

SuperScrape™ Logo Mats are created by molding an ultra violet protective thermoplastic material into a rubber base. PMS Color Matching is not available.

Certified by the NWBOC (National Women Business Owners Corporation) as a woman-owned and woman-controlled business.

Lutradur®

Lutradur substrate will not fray, reduces linting, is very heat resistant and creates a strong bond between the rubber and carpet.

WaterHog™ Logo Impressions

- Ideal for indoor and outdoor applications. Perfect for banks, property management facilities, sports arenas, airports and anyplace with heavy foot traffic.
- Designs are created using a state-of-the-art digital printer with the capability to print up to 17 colors. PMS color matching is not available.
- 100% UV nylon fabric will not fade in the sun and holds up to 1.5 gallons of water per square yard.
- Heavy-duty rubber backing - Guaranteed to lay flat and will not crack or curl.
- Cleaning is EASY! Simply vacuum, steam clean, extraction clean or hose off the mat.
