A Message from Our President...

Welcome to Milano Worldwide's 2012 catalog!
Our clients have come to rely on us for beautiful, unique products and we have worked very hard to live up to that standard. That is why we are so excited to present our newest item, the Flavia Milano™ Memory Box! This is a wood framed box with a hand carved, hand painted three dimensional interior. The details are exquisite and the product is stunning. In addition, we have found some great options to offer you with regards to unique products that we can customize with the beautiful art that we have created for your Memory Globe.

In 2012, we look forward to continuing to provide you with unique custom products that surpass the expectations of your clients!
