BOOST-TCNYLON

Art REQUIREMENTS

Submitting Artwork

Art Charges: \$80.00 per hour

Art Proofs: Free digital proofs

Art Specification Requirements:

The ideal artwork is an original, digital, vector art file. Vector art offers the best quality result, quickest turn-around and no additional charges. We would prefer to receive artwork which has been created in the following application and formats:

- Adobe Illustrator (.ai, .eps or .pdf)

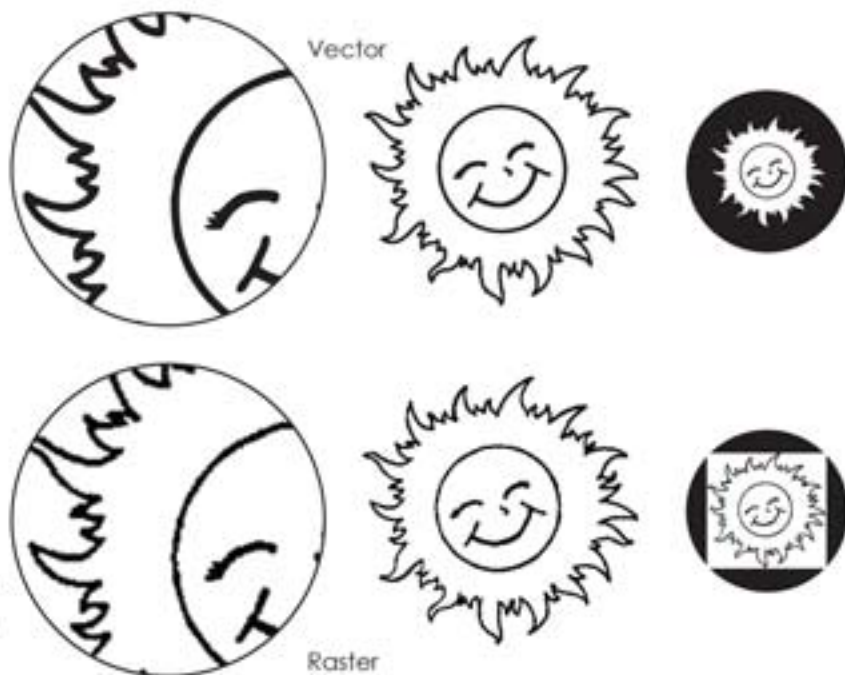

PDF files created from vector files must retain the editing capabilities of the program used to create them. All fonts in document/file must be converted to outlines (curves). If specific ink colors are to be used, please make sure the document clearly lists which colors they are. Currently we support the Pantone color matching system.

Other forms of artwork are sometimes acceptable, but could potentially result in extra costs and delays. In some cases we can accept Photoshop files (raster) saved as .jpg, .tif, etc. These files must have been created at a high resolution (300dpi) and be sized to 100% or larger than actual imprint size.

If you send artwork to us in a digital format other than what is listed above be aware that

A) We may not be able to open the file
B) We will have to spend additional time reformatting, reconstructing and separating artwork to match and/or meet the requirements for production. This will incur additional artwork charges and will delay the completion of your order.

We are dedicated to offering you the best quality, custom products possible. However, a large part of our success rests on the original artwork that you send to us.

Terms & CONDITIONS

Pricing: All Merchandise (R) All Set Ups (Z) Unless Specified

Random Samples & Non Imprinted Sample Items: Use end column price. Shipped within 24 hours with available stock, under your shipping number.

Drop/Split Shipments: \$5.00 (Z) each location plus freight F.O.B. Spring Park, MN. Please contact your customer service representative for a drop ship specification sheet.
