Citrus Grilled Salmon with Creamy Dill Sauce

4 portions (8 oz)

1/2 cup orange juice
1/4 cup white wine
1/2 cup butter

Living GREEN

■ A home energy audit is a way to benchmark how much energy your home currently uses and to determine what measures you can take to make your home more energy-efficient. An audit will measure the efficiency of your home's heating and cooling systems and can also show you ways to conserve hot water and electricity.

NATIONAL WILDLIFE FEDERATION

Not all black bears are black - their fur can range in color from a cinnamon color to a very dark brown or black. Because of their versatile diet, black bears can live in a variety of habitats that range across most of the North American continent. They inhabit both coniferous and deciduous forests, which typically have plentiful vegetation to provide an ample food supply. American black bears are omnivores, meaning they will eat a variety of things, including both plants and meat. They are also known to change habitats seasonally, depending on what fruits and nuts are available.

Metallic halos, bands, crowns and imprints are not guaranteed for durability or appearance due to fragile nature of imprint. Careful hand washing will maximize imprint life.

Metallic inks should never be used in a microwave except for Microwave Gold and Platinum.

Decal

When it is imperative to hold a tighter-than-normal registration on multi-color imprints, a decal method must be used. Allow two additional weeks of production time for decals.

1-Color, 2-Sides/Wrap Set-Up.....\$80.00
Add'l Color (2+ colors).....\$0.40 per unit

Microwave Gold & Platinum

Safe for use in a microwave oven. Appearance of microwave safe color is slightly darker than metallic 22K Gold.

2-sides/wrap.....\$1.50 per unit

Halftone

Reproduce black and white photographs or other halftone values. Priced as one-color imprint on opaque items. On clear glass, we recommend a contrasting background, priced as an additional color. Detailed art requires decal method.

Satin Frost

Resembles etched glass at a fraction of the cost. Priced as one-color imprint.

Tone-on-Tone

Add a sharp look to your ceramic mugs with a tone-on-tone effect or step-n-repeat. Priced as one-color imprint.
