# LAPEL PINS

Soft Enamel

ASPIN-SE-WH

- Our Best Selling Lapel Pin
- Ideal for Simplistic Designs
- Great Alternative to Cloisonné
- Level of Distinction and Impact

Price is determined by longest dimension

Soft enamel lapel pins begin as a custom die made from your artwork. Enamel paints are hand filled and then placed in a low heat kiln in order to seal in the colors and achieve superb color separation. Each pin is thoroughly polished, inspected and packaged individually prior to shipping.

## PINS FOR ALL WALKS OF LIFE

### PRICE INCLUDES:

- Individual poly bags
- Butterfly clutch
- Free digital proof
- Custom shapes at no additional charge

## Cloisonné

ASPIN-CL-WH

- Classic, Elegant Style
- Polished Finish and Surface
- Our Highest Quality Pin
- Colors from Kiln-Fired Glass

Cloisonné pins are an excellent choice for any design that has clearly separated colors. After being struck from a copper/bronze material, a die imprint is made from the artwork supplied to us. The newly struck pin is then plated with nickel, gold, or brass color. Next color is added by pouring a powdered glass material into the recesses created by the mold, each color is then fired in a kiln at high temperatures. Lastly, the pin is polished to a beautiful, smooth shine.

# LAPEL PINS

DIE STRUCK WITHOUT COLOR  
 ASPIN-DSWOC-WH

- Great Look
- Ideal for Simplistic Designs
- Reproduce Logos with Distinctive Quality
- Level of Distinction and Impact

Price is determined by longest dimension

This lapel pin process starts by us creating a die with your design in it. We then strike your design in an iron based metal. The raised and recessed areas created as a result of this process forms the pin. The final stage is to highly polish the raised areas and the pin is then plated in gold, bronze or nickel.

## OFFSET PRINTED ASPIN-OP-WH

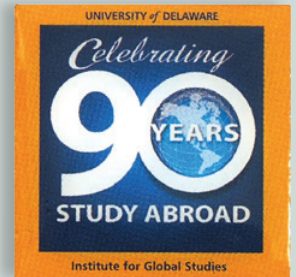

- Epoxy Coated Finish
- Ideal for Detailed Designs
- Full Color Process
- Great for Color-Blends, Fine Lines & Gradients

Great for intricate logos!

Offset printed lapel pins print your images onto a flat sheet of high quality metal. While heating the metal we then begin to die-cut the customized shape of your pin design pin out of the flat sheet and sand the edges of each pin smooth. A clear, glass-like epoxy is then applied to the top surface to protect the image from the elements.

## PINS FOR ALL WALKS OF LIFE PRICE INCLUDES:

- Individual poly bags
- Butterfly clutch
- Free digital proof
- Custom shapes at no additional charge

 Lead time: 8-10 business days after proof approval

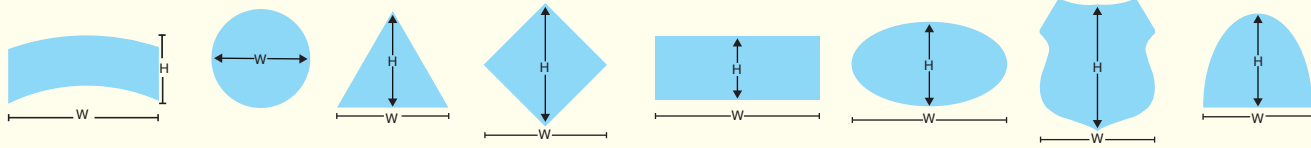

PATCH ORDER GUIDE

# EMBROIDERED PATCH ORDER GUIDE

## 1 PATCH SIZE & SHAPE Use this chart to determine your patch size

Overall patch size is: width (W) + height (H) divided by 2. Fractions are rounded up to the nearest 1/2 inch.

## 2 THREAD / FABRIC COLORS Choose your thread and twill colors

Choose up to 8 thread colors. PMS or other embroidery thread colors will be matched as close as possible.

Over 250 thread colors to choose from!

72 twill colors for your colored fabric backgrounds

View our complete color chart at [IDProductsSource.com](http://IDProductsSource.com)

## 3 EMBROIDERY COVERAGE Estimate the percentage of patch that will have stitching

Use the examples below to estimate the percentage of the patch that will be covered by stitching.

**50% EMBROIDERY**

**75% EMBROIDERY**

**100% EMBROIDERY**

Not sure of the percentage? Submit your artwork for a more accurate quote.

## 4 STITCH TYPES Learn the different type of stitches we do!

**SATIN STITCH**

Flat stitches sewn closely together to cover sections of fabric. Used for letters, borders, and areas of design. Forms a pattern resembling satin.

**FILL STITCH**

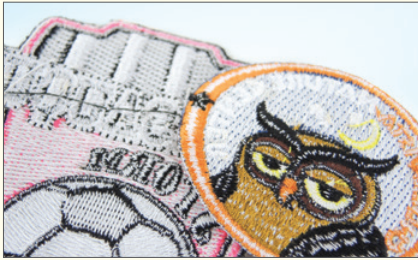

A series of parallel running stitches used to cover large areas. Can alter the angle, length, and repeat sequence of the stitches to create different fill patterns.

**RUNNING STITCH**

A single line of stitches used mostly for thin outlines or borders and fine detailing.

## 5 BACKING Choose the type of backing to best suit your application needs

### STANDARD

For sew-on application.

### PLASTIC

For sew-on purposes. Makes for a sturdier patch and a smoother backing.

### IRON-ON

For permanent heat-press or iron-on application of patches to most garments.

### ADHESIVE

Pressure sensitive. For temporary application. Can be sewn on for permanent hold.

### VELCRO

Includes both male and female sides. Available in black

## 6 BORDER TYPES Choose the type of border which best suits your patch style, size, and shape

### MERROW

Standard patch border. A 1/8" border that overlacks the patch edge, preventing fraying. For large, simple shapes like circles and shields.

### SATIN STITCH BORDER

A hot knife cut border with a 1/16" satin stitch edge that simulates a merrow border without overlocking the patches edge.

### HOT KNIFE CUT

Smooth, hot knife cut stitched border. For patches with complex shapes or detailed borders.

## 7 QUANTITY Figure out how many you need

You must order **50 pieces minimum**. Whether you need 50 pieces or 100,000 pieces, we will satisfy your request.

# GENERAL INFORMATION

## The Basics

We make every effort to have your experience with our company be as comfortable as possible while offering products and services to ensure you get the most for the money you are spending. Our personal commitment to quality derives from the ongoing training of our staff, coupled with their unmatched enthusiasm to achieve the highest levels of satisfaction from our clients. Our aim everyday, every hour, every minute and every second is to make your experience working with us a good one! We are a family company and therefore have high expectations of ourselves, we know this is translated everyday to our clients, who truly feel we are making a difference.

## Terms

- All orders are subject to Credit Approval, initial orders always require full payment in advance. We accept MasterCard, Visa, Discover, and American Express.
- Payments by check also accepted.
- For your company to apply for credit terms please call our credit department and we will explain our procedures.

## Trademarks

- All copy or other materials submitted by customers for use by IDProductsource in the production of items ordered will be accepted as fully compliant with all applicable laws regarding trademark, service mark, copyright, right of privacy, or patent.
- Examples of our work: Showing logos, insignias and any/all trademarks placed on our products shown within our catalog and online website are to serve as examples of our imprinting techniques. They are not presented for resale nor are they to be construed as product or brand-name endorsements by or for the trademark owner[s].
- Customer agrees to indemnify and hold IDProductsource harmless from any and all claims by any third parties against IDProductsource arising out of any claims for infringement of trademark, service mark, copyright, rights of privacy, or patent, arising from any materials submitted by a customer, and which may or may not be displayed on the company website.

## Random Samples

We will provide free imprinted random samples, all samples are sent out via USPS unless otherwise advised i.e using your UPS/FEDEX account number. Drinkware is subject to an end column unit charge. Please go to our [SAMPLES/CATALOG](#) link to order samples.

## Pre Production Samples

We charge \$55.00[Z], for all lanyards except Dye Sublimation Lanyards and Woven lanyards, which are \$85.00[Z], for all other products please contact us for the unit cost. These costs do not include shipping or art charges if camera-ready art is not provided. Fax or email request by distributor is required. Production time on speculative samples averages about 12-14 business days from proof approval. Our customer service department can give further details.

## Returns

- Imprintable items are not returnable once the final proof is approved.
- Stock items can be returned, in unopened packages only, up to 30 days after purchase for a 15% restocking fee.
- IDProductsource must authorize returns by issuing an R.M.A. number.

## Disclaimers

- Adobe®, PANTONE®, and PMS® are registered trademarks of their respective owners.
- IDProductsource reserves the right to modify products and change prices without notice: Prices, items, material, and colors are subject to change without notice.
- Breakaway release sold as BA1 and BA2 for lanyards are not sold as safety equipment nor are they intended for such reason. These items allow easy attachment by the user only. We strongly advise and believe that nothing should be worn around the neck close to machinery or equipment or in any situation where entanglement could cause injury or death.

# HOW TO ORDER

## SUBMITTING AN ORDER

- All orders can be sent to IDProductsource by fax or e-mail. All orders are binding upon IDProductsource only after written acceptance by IDProductsource. IDProductsource will acknowledge all orders in writing within 24 hours.
- If you do not receive an order acknowledgment within 24 hours after the order was sent please call us immediately to make sure the order was received.
- When submitting your purchase order it is incredibly important that we receive as much detail as possible. From our experience some of the simplest details on occasion do get missed. Please clearly define the quantity, colors, imprint instructions, attachment options, shipping and handling instructions, event date, and ensure that you enclose the applicable camera ready digital artwork for your order.
- All purchase orders placed after 4PM EST will be considered received the following business day. For your convenience we provide a complimentary Purchase Order Form on our website.

## Repeat Orders

- There is no setup or artwork charge for most products if exact artwork duplication is specified.
- However, if there are any minor changes whatsoever to the original artwork we will deem this as a new order and therefore all applicable set up charges will apply.
- We keep art on file for a period of 2 years. After this period it will be necessary to prepare new art and charge any applicable setup fees.

## SUBMITTING ARTWORK

- Preferably art can be sent by email to [orders@idpaspinline.com](mailto:orders@idpaspinline.com) (please see acceptable formats below)  
*\*If the art file you are submitting is greater than 10 MB, please contact us for our FTP upload information*
- You can also submit high quality art via mail, please contact us for the mailing address (CD-R, DVD-R are acceptable)

**MODIFICATIONS TO A CUSTOM ORDER** No order may be modified, cancelled, or returned once the final proof has been approved and production has begun.

# ARTWORK REQUIREMENTS

## ARTWORK INFORMATION AND CHANGES

### Preferred File Format

- .AI- Adobe Illustrator - CS5 or lower
  - .EPS or Vector PDF- Created in Illustrator CS6 or lower
- Please send them CMYK, flattened layers, and text outlined. When applicable, have all colors matched to PMS colors from solid coated swatch palette.

### Acceptable File Formats

- JPEG 300 DPI, CMYK
- PSD 300 DPI, CMYK, with transparent background
- PDF 300 DPI, CMYK, Created in Photoshop
- TIFF 300 DPI, CMYK, Preserved transparency

(All raster art must be 300 dpi at imprint size. Do not embed any smart objects, logos, or text.)

Submit all art files to [Orders@IDPaspinline.com](mailto:Orders@IDPaspinline.com)\*

\* If the art file you're submitting is greater than 10 mb please contact us for our FTP upload information.

**Drinkware Exception** All drinkware in the acrylics, stainless steel and sports bottle categories must have art submitted in Illustrator EPS vector format only.

**Initial Art Alterations** An art charge of \$37.50 (V) per 1/2 hour will be charged to any orders requiring alterations to artwork to make it suitable for print.

### Free Setup Includes

- Free typesetting• Free color matching• Free template setup• Free proofs

### Fonts

- Please provide fonts if factory is typesetting, we may not have the fonts on file.
- In vector format make sure you create outlines on the art.

## ART PROOFS

- IDproductsource sends a digital layout proof which is an on-screen representation of what your client's product will look like when produced, prior to beginning production.
- The digital layout proof supersedes all prior verbal written, or other communications of any form.
- IDProductsource will NOT be responsible for any errors in production when the item has been produced as specified in the approved proof.
- Due to variations in computer monitors, IDProductsource cannot guarantee the complete accuracy of colors seen on-screen on our website or on any digital proof created for the Customer.
- To achieve the best possible on-screen representation of colors, IDProductsource uses the PANTONE® Matching System (PMS) to produce the digital proof. The on-screen representation of the PMS colors, in general, are close to the final product. IDProductsource is not liable or responsible if the Customer's computer monitor is faulty or improperly configured and does not display colors correctly or other systemized color scheme will take precedence over any displayed color.
- In the case of Embroidered Patches it is recommended that PMS colors are provided so that the closest matching thread color or twill color can be chosen for your order. However, it should be noted that it is not always possible to match the thread/twill color to PMS colors provided.

**Return Artwork Approval** IDProductsource will send an artwork approval via email on every order, this must be returned within the time stated on the proof. Make sure the artwork is what you want. This returned approval confirms the accuracy of the artwork and assures that your order will print as you requested. Delay in returning artwork approval will affect scheduled ship date. Art approvals become the responsibility of the distributor.

# SHIPPING AND HANDLING

## ABOUT OUR LEAD TIMES

- Our lead times and product origination are clearly published on our website and catalog for each product we offer. (These are subject to change without notice).
- Rush services IDProductsource offer have specific requirements regarding order/art and payment submission, please see details in each product area.
- IDProductsource makes every effort to guarantee ship dates on RUSH PRODUCTS originating from our overseas factory, however delays on the part of UPS/FEDEX can sometimes occur (inclement weather or aircraft issues) which are out of our control and we cannot be held responsible for such delays.

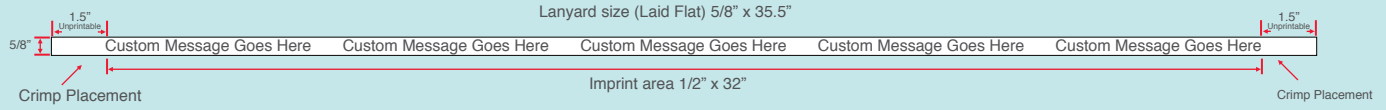

## SHIPPING & HANDLING

- IDProductsource ships all products FOB from our various manufacturing facilities and use approved carriers such as UPS and FedEx. (Custom Tyvek® wristbands ship from Canada).
- Customer understands that although IDProductsource will make its best efforts to fulfill its contractual obligations, including the timeliness of the preparation and delivery of products purchased, that there may be some instances where a delay may occur for reasons beyond the control of IDProductsource, including acts of God and other unforeseen circumstances. Customer acknowledges that regardless of contractual obligation for IDProductsource to deliver any products as of a date certain, that in the event of any unforeseen circumstances, or delays including, but not limited to, acts of God, that customers sole remedy will be a return of any deposit monies paid, and that IDProductsource will have no liability for any consequential damages arising out of any delay.
- All packages ship UPS ground unless otherwise specified. All charges will be billed using IDProductsource account unless client provides carrier account number on their purchase order.
- COD shipping is not available.
- Additional handling charges will be charged per box for all shipments in the following cases; split shipments \$5.00(z), package redirect \$15.00(z), package address corrections \$15.00(z), and package intercepts \$15.00(z).
- Factory direct RUSH shipments contain US Customs required paperwork from our factory overseas.
- Country of Origin: All items manufactured must bear a country of origin marking in accordance with US Customs regulations. Most products in this catalog will be placed in poly bags imprinted with the country of origin. Certain circumstances require an origin sticker to be placed on the product. Most items made by IDproductsource are manufactured in China.
- Liability: All merchandise becomes the customer's property upon delivery to the carrier. If the carrier delays or damages the shipment, or bad weather prevents or delays shipment, the customer must file a claim with the carrier. All charge-backs are the distributor's responsibility regardless of which carrier was used.
- Insurance: If insurance is desired, customer should notify the factory in writing on the order. Arrangements will be made to accommodate the request.
