## SPECIALTY SQUARE BASE

A Specialty Square Base will make presenting an award truly an event! Crafted of hardwood with a gloss black finish and featuring a square suede recess this base is designed to fit square based awards. Plain silver plate included in cost. Please add \$25(g) per plate for engraving award copy.

item:	60-004
dimensions:	8½"sq × 3"h
suede recess:	5¼"sq
all quantities	\$100.00
	c

## PERPETUAL WOOD BASE

For an award that carries prestige year after year, the Perpetual Wood Base is a must! Featuring a polished cherrywood finish, it's elegantly detailed with a round suede recess. Eight plain brass plates are included in cost. Please add \$25 (g) per plate for engraved award copy.

item:	#60-005
dimensions:	10½"sq × 5¼"h
suede recess:	6½" dia
all quantities	\$250.00
	c

Setup charges and etching included in price\*

The process of glassmaking has remained essentially the same since ancient times. Most glass is a mixture of silica, obtained from beds of fine sand or from pulverized sandstone, an alkali to lower the melting point, usually a form of soda or potash for finer glass, lime as a stabilizer and cullet (waste glass to assist in melting the mixture).

The materials are fused at high temperatures in seasoned kilns, boiled down, skimmed, and cooled several hundreds of degrees. The molten glass is ladled or poured into molds and pressed or blown (sometimes into molds). The shaped glass is annealed to relieve stresses caused by manipulation, then is slowly cooled.

### NON-LEAD CRYSTAL

Non-lead crystal is glass with a high content of potash, yielding weight, clarity and sparkle without adding lead content.

### FULL LEAD CRYSTAL

The addition of lead to the glassmaking process yields a product with increased luster, clarity and weight. It is also a slightly softer material than glass, which lends itself well to hand cutting and polishing. Leaded crystal varies in lead composition, but to be considered full lead crystal, the lead content must be 24% or higher. The higher the lead content, the more sparkle is achieved, but more skill is required to form a shape at the blowing stage.

### OPTICAL CRYSTAL

Optical crystal is among the finest of all crystals available. With no lead content, it is clarified to a 100% optically clear state by the addition of barium, which results in a perfectly flawless clear glass that shines brightly under any light source. Optical crystal is manufactured in large thick sheets, and while still molten, is subjected to tremendous pressure to insure no bubbles, flow lines or other distortion. Optical crystal is 100% lead free and extremely hard.

#### CRYSTAL CARE INSTRUCTIONS

*Due to the delicate nature of glass and crystal, hand washing is recommended. Dry with a lint-free cloth to prevent scratching. To avoid breakage, do not expose glass or crystal to extreme temperatures or to abrupt temperature changes.*

### STARFIRE CRYSTAL

Starfire crystal is a lead-free, low iron product that presents high clarity resembling that of optical crystal, but at lower cost. Highly polished, this material produces a bright white sparkle and is therefore sometimes referred to as "white glass".

### JADE GLASS

Jade glass is unique in its light green pigmentation, caused by the content of iron ore. The resulting material, when beveled and polished, provides the most economical solution for recognition awards.

### PEWTER

Pewter products are all handcrafted and are food safe, containing no lead. Pewter is a metal alloy consisting primarily of tin.

Pewter-plated products likewise are lead free and food-safe. The pewter finish is hand distressed for a vintage, antique appearance. Variations in finish are to be expected and considered part of the unique appearance of the series. Use of metal polishing products is not recommended.

#### PEWTER CARE INSTRUCTIONS

*Always wash pewter products by hand in warm, soapy water and dry with a soft cotton towel.*

### SAND CAST ALUMINUM

Sterling's aluminum products are food safe. Each piece is sand cast and polished from a metal alloy consisting mostly of aluminum. Slight variations in finish and surface texture are the result of this handmade process, and are considered intrinsic to their unique design.

#### SAND CAST ALUMINUM CARE INSTRUCTIONS

*The acids in certain foods may cause discoloration. A light coating of vegetable oil prior to use can help prevent this. If polishing or extra cleaning becomes necessary, apply a non-abrasive metal polish and gently buff with a soft cotton cloth.*

### SILVER-PLATED

Silver-plated products are genuine silver, plated over brass. Silver plated products are all lead-free and food safe.

#### SILVER-PLATED CARE INSTRUCTIONS

*All silver will tarnish over time, particularly in humid conditions. If polishing is necessary, use a silver polishing compound and gently buff the surface with a soft cotton cloth so as not to erode or scratch plating.*

## LIGHT ETCH

### WHEN BUDGET IS PARAMOUNT

Light etch is a delicate but permanent surface etch. As illustrated, the light etch technique does necessitate small breaks in any enclosed letter or area. When budgetary concerns are paramount, light etching provides a quality, yet economical solution.

Items ordered in light etch require a minimum quantity of 36 pieces of that item with the same copy. AWARD COPY AND PERSONALIZATIONS ARE NOT AVAILABLE IN LIGHT ETCH.

## DEEP ETCH

### OUR FINEST QUALITY ETCHING TECHNIQUE

Deep etch is our highest caliber etching technique, providing the ultimate appearance in etched crystal. Your crest or logo is crisply cut, rendering a detailed and permanent dimensional image.

Please note: Etching will appear deeper in bold open areas of a logo and less deep in fine detailed areas such as copy.

## "BOTTOMS UP" ETCH

Much of our barware and stemware is available for etching on the bottom of the glass. Contact your sales representative for details.

## LOGO SETUP

There is **NO LOGO SETUP CHARGE** for artwork submitted under **VECTOR ART GUIDELINES**

**Vector** (adobe illustrator (ai), eps or vector pdf)

- Used for logos, text, and illustrations
- **Can** be scaled to any size without distortion
- Must be submitted in black and white
- Remains sharp at any resolution
- Free logo setup

*A vector file is used for the etching process*

**Raster** (scanned images, jpgs, tifs, gifs, bmps, or raster pdfs)

- Defined by pixels
- Cannot be scaled without distortion
- Resolution dependent (not clear when resized)
- Logo setup charge \$50(g)
- Highly complex raster images may incur additional charges

*In order to maintain the clarity of the art and text, a raster file will need to be redrawn before it can be used in the etching process.*

**Please note:** If a raster image is saved in a vector format, that doesn't change the actual art into a vector image.

Submit artwork to [art@sterlingcutglass.com](mailto:art@sterlingcutglass.com)

## COPY SETUP & PERSONALIZATIONS

There is **NO SETUP CHARGE FOR COPY AND PERSONALIZATION** on all awards (pgs. 2-25; 30; 92-153).

All other items are \$7.50(g).

Copy within artwork must be sent in outlines or accompanied by the font file. Additional copy and personalization must be sent in Adobe illustrator PDF or Microsoft Word document. Copy not submitted in proper format will result in art charges.

## ETCHING PROCESS

See page 157 for detailed explanation of our processes.

## OPPOSITE SIDE ETCHING

Some items allow space for a second side etch (e.g. the opposite side of a trophy or drinking glass). Please add a deep etch charge of \$5.00 (G) per glass or small gift item and \$10.00 (G) per trophy or award. In the case of large volume glassware orders opposite side light etching, where available, may be added for a surcharge of \$1.50 (G) per glass.

## ETCHING AREAS

Etching areas listed are approximate. Sizing for your artwork will be determined by a number of factors, including shape of artwork, complexity of detail and specific customer requests. Contact customer service for further details regarding your artwork.

## MEASUREMENTS

All capacities and sizes listed in this catalog are approximate and include the width of handles and dimensions of bases where applicable.

## PURCHASE ORDERS

A purchase order accepted by Sterling Cut Glass is a binding contract. Upon mutual written agreement, a P.O. may be cancelled for a fee of \$50, plus all incurred costs.

## MINIMUM ORDER

The minimum quantity per item is listed at the beginning quantity price. There is a \$25 (NET) less-than-minimum charge.

## COMBINATION ORDERS

A single order for multiple items within a category is eligible for combination pricing.

## OVERRUNS AND UNDERRUNS

We ship exact quantities.

## PROOFS & VIRTUAL PROOFS

To ensure accuracy of production, proofs will be faxed or emailed for all orders at no charge. Excessive proof requests may require an additional charge as will changes that are requested after artwork is already approved. Failure to approve proofs in a timely fashion could result in delivery delays, expedited shipping charges and rush order charges.

Virtual proofs are available for \$20(g) each and must be requested on the purchase order.

## PRODUCTION TIME

Standard production time is 7-10 business days from receipt of order and artwork, plus time in transit. If a paper proof or product proof is required, please allow a minimum of one week to produce order after proof approval. Failure to approve proofs in a timely fashion could result in delivery delays, expedited shipping charges and rush order charges.

## RUSH ORDERS

An order submitted allowing 5 working days or less from receipt of order to ship date (when production capacity allows) is subject to a 10% rush surcharge – \$25 (NET) minimum, plus possible expedited delivery charges.

## PAYMENT TERMS

Net 30 terms and credit limits may be established and maintained for qualified accounts.

Pre-payment by credit card (Visa, Mastercard, American Express), check, or wire transfer is required for all other orders.

## SAMPLES

Spec samples are invoiced for the cost of the item plus shipping charges. Random and blank samples must be prepaid by credit card unless NET 30 terms have been pre-established. Samples \$25 (NET) per piece or greater may be returned for credit when merchandise is returned in good condition within 30 days. Freight charges cannot be credited. Shipper number may be required.

### Virtual Sampling

Virtual sampling is available free of charge for all items on our website [www.sterlingcutglassawards.com](http://www.sterlingcutglassawards.com). Virtual samples created by a Sterling artist require black and white vector artwork.

### Blank Orders

All items are available "blank" (not etched) at 10% below the end quantity price.

## CUSTOM ORDER/NON-CATALOG MERCHANDISE

Custom order or special order merchandise requires payment in advance (minimum 50% deposit) to initiate the order. Overruns and underruns up to 10% are industry standard. Orders for custom order merchandise are non-cancellable.

## PACKAGING

All merchandise is attractively packaged in protective boxes suitable for presentation as listed:

Type of package:	Consists of:
Bulk packaging	Manufacturer's corrugated box, with partitions to protect contents.
Gift box	A colored, coated corrugated box; contents are wrapped in decorative tissue. (and protective foam as necessary)
Presentation box	A rigid, laminated board box with the inside fitted to cradle and protect the contents.

GIFT BOX

PRESENTATION BOX

All barware, when not packaged in bulk, is tissue and gift boxed.

## ENCLOSURES

An extra charge may apply for certain customer-supplied insertions. Please contact customer service for details.

## DROP SHIPPING

For drop shipping directly from Sterling to your recipients, please add an additional \$6 (G) per address plus shipping charges. Names and addresses must be supplied in Microsoft Excel™ format (call customer service for template).

## INTERNATIONAL SHIPMENTS

A shipping account number is required for all international shipments. A handling charge of \$15(g) will apply per international destination.

## SPLIT SHIPMENTS

There is a \$6 (G) charge (plus shipping and handling charges) for each destination after first shipment.

## SHIPPING

Orders are shipped prepaid with freight and handling charges added to the invoice. All shipments are F.O.B. Erlanger, KY 41018 (Greater Cincinnati, Ohio). Our standard method of shipping is UPS ground and FedEx ground; however, common carrier truck shipments, as well as air freight services are also available. Delivery via US Post Office will incur additional charges. Shipments sent via UPS will be automatically accompanied by a shipping notification via e-mail when an e-mail address is provided. C.O.D. orders are not accepted.

## FREIGHT CLAIMS/BREAKAGE

We carefully package all shipments to ensure safe arrival. In the unlikely event of breakage in transit, however, you must save for inspection the outer carton, all packing materials, and contents. Contact your distributor immediately. Sterling will initiate the claim for breakage or shortage on UPS shipments. However, we must be notified within 10 days of receipt of goods in order to honor your claim and to ensure timely replacement of your merchandise. Replacements will be shipped via ground service within 48 hours of the breakage report.

## PGA TOUR® & KENTUCKY DERBY® LICENSEE

Sterling Cut Glass is able to offer qualified customers the use of the PGA TOUR®, Champions Tour®, Nationwide Tour® and Kentucky Derby® logos on most pieces in this catalog. Please call for details.

## TRADEMARKS

Liability for correct use of a trademark, crest or logo rests with the customer. The logos shown in this catalog represent orders from our customers and are used for illustration purposes only. These logos are the exclusive property of the respective institutions. Sterling Cut Glass cannot accept distributor orders for golf and country clubs using golf and country club crests or logos, without the direct written permission of the club professional or authorized club representative.

## COPYRIGHT

No part of this catalog may be reproduced or utilized in any form or by any means, electronic or mechanical, without the prior written permission of Sterling Cut Glass Company, Inc. Fairway™ and Fore™ represent registered trademarks of Sterling Cut Glass.

## OFFICE HOURS

Our friendly and knowledgeable customer service representatives are ready to assist distributors.

Monday through Friday 8:00 a.m. – 5:30 p.m. EST.

Contact: [sales@sterlingcutglass.com](mailto:sales@sterlingcutglass.com)

## GUARANTEE

Sterling Cut Glass guarantees all workmanship to be first quality. Because most of our offerings are hand crafted, it is natural for small air bubbles, chill marks and flow lines to appear. These unique variations are not considered defects. We make every effort to select pieces which demonstrate the finest representation of the craft, and to minimize any appearance of these characteristics in or around the etching area. Returns cannot be accepted without prior written authorization.
