# Get your message out — with quality

**When you buy Continental bags, you are buying quality.  
Made in the United States, with U.S.-manufactured materials,  
our bags are built to last.**

Some promotional pieces are a dime a dozen, literally. But you get what you pay for, and when your customer gets home, that trinket is quickly forgotten. If it's shoved to the back of some drawer your message is lost.

That's not the case with Continental Bag's useful, superiorly constructed line of promotional bags and portfolios. Our bags are products your target customer will use, keeping your message visible. In fact, the wide variety of sizes and styles we offer gives you a range of options to deliver your message. Continental bags are perfect for personnel incentives, premiums to current customers, convention promotions and public giveaways. We offer a full range of screen printing and specialty options in fabric and trim. We can build custom-sized bags to meet your needs. But we don't stop there. Custom-made bib and waist aprons, oxford style shirts and other custom-sewn items are also available. With Continental Bag, your imagination is the limit for effective promotion.

Continental Bags has been manufacturing the highest quality, soft-sewn tote bags, money bags, backpacks, portfolios and other items for over 75 years. Our experience, service and expertise means you'll get the right product to deliver your message.

## Continental Bag gets the word out.

*Every day, thousands of Continental bags travel neighborhoods across the country. Our newspaper bags are well-known, and a favorite for paperboys and girls everywhere. Tough enough for everyday use, Continental bags can make a long-lasting impact for your company.*
