# The Original Manufacturer of the Multi-tool

Helping active people be prepared for anything.

Founded in 1983 by Tim Leatherman, Portland, Oregon-based Leatherman Tool Group is known for producing the world's most precisely engineered multi-tools, knives, pruners, and lights. Leatherman's engineering standards remain unmatched in the industry. With products for trades, hunting, outdoor fishing, gardening, and general purpose, the Leatherman tradition of innovation, tight specifications, and premium materials continues to endure.

A globally-recognized brand, Leatherman tools can be found in 100 countries worldwide.

## Leatherman Tools for the Promotional Products Industry

Offering Distributors innovative, upscale selling solutions

Sweda is proud to distribute Leatherman Tools for Ad Specialties

The leading brand in multi-tools today!

Your gift & corporate logo will be in customers' hands for a life time

The perfect combination of strength, portability & functionality

Made in the USA

Tactical meets practical

## The Leatherman Difference...

Unique attention to detail - the sum of all the parts

- Leatherman multi-tools are made from 100% stainless steel
  - Backed with a 25-year warranty
- Made with hard-anodized aluminum for strength & corrosion resistance
- State-of-the-art manufacturing includes CAD, robotic polishing & laser cutting
- 420HC stainless steel used in most multi-tool knives holds its edge about 3X as long as regular stainless steel
  - Feature dense with no gaps in the tools; filled with useful implements
- Each implement treated for its individual purpose. Knives are treated at high temperatures for excellent edge retention. Handles are treated at lower temperatures for more flexibility.

## Target Markets

Hunting  
Fishing  
Farming  
Construction
