Daquin Sales ASI/ 175408  
Ottawa, Canada

I have had the opportunity to work with Artistic Toys on two orders and have been very pleased with the way the orders were processed, the follow up and the delivery.

Whenever I have called with an idea for a client, my customer service representative, Andrea Long has been quick to help expand on my idea and offer samples to help promote my sale.

Through e-mail and a preproduction sample, a client's toy has come to life...much to our delight.

I have always received competitive pricing, excellent service, delivery as promised and a product that both my client and I have been very pleased with.

I will come to Artistic Toys with all future projects.

Sincerely,
