

I just wanted to forward you contact information on a vendor – ProRose. I recommend this company for all of their products! And I highly suggest you taking a look at the products they have to offer. I placed an order for paper cups with them for Dr. Pepper – and the order made to be a difficult one. Their customer service is so great; they truly understand the meaning of taking care of their customers. If I could act just like ProRose with my service, I would want a person to refer me to others – which is exactly the reason for this email. ProRose deserves a 10, an A++. They worked hard and fast, accurate and honestly to get my order done on time. They didn't just do what they could for me, they over-achieved.

Tara's information is below, please take a look. She will help you in any way possible. If you have questions about their products, please contact Tara or ProRose. Their website is below as well.

Tara – during these economical times, customer service is greatly appreciated. I want to thank you for taking care of my order and I want to thank your team for the hard work they put in to make this order work. Your efforts did not go unnoticed. In the couple years I have been in this industry, I have not met someone, or a company, that values customer service as much as yall do. Whatever you are doing, keep it up. I look forward to placing more orders with you when I have the opportunity. Thanks again!

Thanks guys!
