

Visitor Pass Solutions testimonials

Read what happy customers – from the Education, Corporate, Non-Profit, Healthcare, and Government sectors – have to say about Visitor Pass Solutions.

Schools

“The badge is very visible. Our school likes the fact that we have a formal badge and permanent log system in place. If any issue arises, we have written proof of what visitors were on our grounds. Parents feel comfortable and safe that this system is in place. The marketing flier was clear, concise and an accurate representation of the product. The samples provided and customer service (Karina) was excellent and very helpful in making our decision on specific items.”

- Jean Smith, Secretary at Jefferson Elementary School in Collinsville, IL

“In most cases the phrase “great quality at a reasonable price” is overused, but not when it relates to Data Management, Inc. Their customer service is outstanding, the quality of work is first rate and the price is right. Jodie Dario and Data Management are great to work with.”

- Terry Detorie, Bryn Mawr School in Baltimore, MD

“This new sign-in system has helped us to maintain an organized log while accomplishing our goal of streamlining all visitors, parents included, through the main office”

- Karen Nardi, Secretary at St. Anthony School in Winsted, CT

“We love the Visitor Pass System. The one-write feature definitely saves time and makes my job easier. The labels are just the right size, and your service and ability to customize to fit our needs are second to none.”

- Loretta Hannum, Security Officer at East Hartford Middle School in East Hartford, CT

“Parents and visitors are much happier with the sign-in procedure, it’s less complicated. We are very happy with Visitor Pass.”

- Karen Barry, F.E. Smith Elementary in Cortland, NY

“These are great. We don’t have to leave our desk as much. The parents like the idea of getting their own badges. The sign-in with the picture of McGruff makes them feel safe. We now have an official log book for record keeping.”

- Trekatta Brown, Kegotank Elementary School in Mapps, VA

“We are able to keep a detailed record of visitors in the building and they are easily spotted when touring. Visitors feel like the school is very secure and are eager to wear the badge as advertisement, even after leaving.”

- *Emily Howell, Collegiate School of Memphis, Memphis, TN*

“To have someone physically sign in – in front of an office person – is extremely beneficial and great for the safety of our children. The carbon copy is incredible. It helps us keep track of volunteer hours and helps us locate them: who is in the building, when, and why they are there. Visitor Pass can only help with the safety of our children; I see no downside to using the system”

- *Trish Wilson, Office Manager, Pinewood Christian Academy, Middleburg, FL*

Corporate/Non-Profit

“Visitor Passes are really great. It is an easy way to identify people. Even our employees are required to wear badges. Employees feel safer knowing who is who and that visitors are identified and allowed to be in certain areas.”

- *Diane Bond, Goodwill Industries*

“The Visitor Pass System works so well for us because it is simple and easy to use. The visitors sign-in themselves, which frees me up to take care of the front desk. The duplicate provides an automatic record of visitors who have been in our building.”

- *Lib Ledbetter, Fuji*

“Visitor Passes make recording visitor presence easy. They are disposable. You don’t have to worry about collecting the badge when the visitor leaves.”

- *Dottie Sanford, Easter Seals*

We have been able to save a good amount of money on our visitor passes by ordering through Data Management. We had previously tried several other companies and products – this one is the best, and with reasonable pricing.

- *Joy Schriber, Assistant Business Manager, WJRT-TV, Flint, Michigan*

Healthcare

“Data Management provided outstanding service from start to finish in regards to assisting me with my visitor management program with their non-expiring passes. Ms. Smith provided exemplary service through her knowledge of her company’s products and service. Ms. Smith listened to my needs which ended in a personally catered and tailored product as an end result. I would recommend

Data Management to anyone that needs to establish a visitor management program for their organization.”

- Christopher Scott, Assistant Security Director, Torrance Memorial Medical Center, Torrance, CA

“The Visitor Pass system is easy to use and allows us to log and identify visitors in one easy step. The completeness of the Visitor Pass sample kit helped inform our decision to ensure we purchased the right product, customized in the right way, for our company.

Data Management’s Sales staff understand how their products are used inside real companies. Their practical advice helped us to select the product that was best for our business. Customer service is clearly a priority at Data Management. Their staff were helpful, courteous, and attentive without ever being pushy. On top of that their products are great as well.”

- John Mracek, CISSP | Director, Risk Management, Univita Health, Eden Prairie, MN

“The badges have been great for our Security Department. In the healthcare industry it is important to know who is authorized to be in our facility. The self-expiring badge is excellent to help us identify authorized guests in the hospital. I would recommend this product to others.”

- Edward K. McDonald III, Safety & Security Services Manager, Euclid Hospital - Cleveland Clinic Healthcare System, Euclid, OH

“Your Visitor Pass sign in system makes my position very easy in getting guests signed in and documented for our compliance program”.

- Diane Spencer, Administrative Assistant, Neogenomics Laboratories, Fort Myers, FL

“Visitor Pass allows us to monitor hospital visitors and is the answer to our security and privacy concerns.”

- T.B., Baltimore, MD

Government

“I would like to thank you for your professionalism and great customer service to help the Tampa Port Authority think outside the box in using your product. Your efforts have greatly increased the security and image of the Port. You should be hearing from me with a re-order for another 10,000 in six months.”

- Dan Abbitt, Access Control Supervisor, Tampa Port Authority, Tampa, FL

“Since we started using these, a number of the other divisions in our agency use them as well. They are great and there aren’t any others like them for the same price. Thanks for supporting our agency in keeping good security and well-being in our world.”

- *Mary Beth Branson, State Lands Operations, Washington State Department of Natural Resources*

“I was very impressed with your materials. They look excellent and appear to be a worthwhile resource for educators”

- *Ron Stephens, Executive Director, National School Safety Center, Westlake Village, CA*

“I found the School Visitor Pass system to be an effective, simple, and unobtrusive solution to addressing school safety. I would recommend it to anyone looking to improve their safety protocol.

- *Peter Ingvertsen, Executive Director, Connecticut Chiefs of Police*
